MCA REPORT

As mentioned in our newsletters I submitted to MCA Headquarters a copy of our December 2016 membership roster listing only CVMC and MCA membership numbers.

Installation of our new MCA Officers and Directors took place on January 20th with a reception and dinner in the Phoenix Airport Marriott. Saturday volunteers helped staff MCA's booth at the Barrett-Jackson auto auction, with a Board of Directors meeting Sunday. The agenda included assigning new Directors and others to the various operating committees. The officers and directors arrived from all parts of the US. The Membership/Special Events director is Suzanne Beels from Hardy, VA.

For those who have become a Charter member of the Mustang Owners Museum your membership card has been mailed and this year's National Mustang Day (NMD) celebration will be held at the Museum grounds. A cruise in from all directions of the US will be arriving in Concord, NC on Friday, April 14th. Volunteers are needed to help create the routes and stops along the way. If

you are interested, visit or email NMD at www.mustangownersmuseum.com for more information. Registration for this event will close March 1 and is limited to 400 vehicle registrations. The Keynote speaker for Saturday night's banquet is Tom Scarpello. He is the owner of Revology, the world's first brand-new reproductions of classic Mustang and Shelby's. Sunday is a private visit to the Carpenter Ford Museum.

The only MCA National show on the East Coast is HOOFBEATS at the TRACK, July 14 – 16 in Dawsonville, Georgia at the Atlanta Motorsport Park. Georgia Regional Mustang Club is the host. Their website is www.garmc.net If any of you are planning to go to this show make your hotel reservations early. Registration is now open through Motosho. As I have said before the hotels around the show sites fill up very early. If something comes up that you cannot attend you can always cancel your hotel reservations.

Both of CVMC's 2017 shows are listed in the Events section of MCA's website and the calendar section of the Car Club Council of Virginia website.

For our new members you can join MCA, on line, at one of 3 different tier levels, which are discussed at www.mustang.org. As a member you will receive the official, professionally written, publication, "Mustang Times" (MT) magazine included with your membership. Articles include messages from MCA's President, Jeff Mays, MT's editor, Don Farr; and an informative article in the Judges Corner. For you Shelby fans, in February's issue of Times is a terrific story about Gary Patterson, President of Shelby American (pages 18 to 24). Also a list of new parts for new and old Mustangs, lots of Mustang parts vendors, an informative article on How to ID original Goodyear Polyglas GT tires (pages 32 to 37). From the October Myrtle Beach show there were

eight personalized Mustang plate pictures taken from Virginians attending that show. I think at least one of those plates belong to a CVMC member.

Mark your calendars for the following 2017 MCA National show schedule:

- **March 24-26, the 38th Annual Gulf Coast National Mustang & All Ford Show** in Pensacola, Florida. Host club is the Gulf Coast Regional Mustang Club. Website is www.gulfcoastmustangclub.org/2017show.html
- **May 12-14, the Hoofbeats in the Desert** in Tucson, Arizona. Host club is the Old Pueblo Mustang Club. Website www.oldpueblomustangclub.org/..desert2017.html.
- **The GRAND NATIONAL will be August 24-27**, Overland Park, Kansas. Host club is the Mustang Club of Greater Kansas City. Website is mustangclubofgreaterkc.com/ac...rand-national

As always check our newsletter, club and face book websites for upcoming shows and cruise-ins in the Richmond metro area.

2017 MOTORTREND INTERNATIONAL AUTO SHOW

February 17 – February 19
Feb 17 at 10 AM to Feb 19 at 6 PM
At the Greater Richmond Convention
Center

As another Motortrend show is behind us, I would like to thank everyone who participated either by parting with your baby for five days or just manning the table. Without you, events like this would never happen. This year we fielded 10 cars. A special thanks to:

Kathy McWilliams – 1969 Convertible
Dustin Sullivan – 1993 GT Foxbody
Graham Marsteller -1993 LX Foxbody
Gordon Martin – 1995 GT Convertible
Tommy Wilson – 2003 Mach 1
Ron Martin – 2006 Saleen
Brian Armstrong – 2013 Shelby GT500
Nickie Armstrong – 2016 Shelby GT350
Charlene McClanan – 2015 Ecoboost
Cliff Middlebrook – 2017 GT

I would also like to give a super special thank you to Dave Dickey who spent extra time on Wednesday during move in to make things run smoothly and his entire day on Thursday to guard our cars and to Tommy Wilson, Brian Armstrong, and Nickie Armstrong who spend the majority of their weekend on site.

As you know, this is an indoor show at the Richmond Convention Center. We were provided about the same amount of space this year as in previous years and I think we filled it nicely. Move in was on Wednesday at 5:30 and we got right in and had plenty of time to clean up the cars.

The show began on Friday morning and from what I understand, was quite busy all weekend. The club was seen by thousands of people, many of whom were interested in what we do and who we are. We actually ran out of show fliers for the Spring Show!

This show also included hundreds of new cars, trucks, SUVs and of course, CVMC! From Mazda to Maserati, attendees were invited to check out their favorites in a non-selling environment, sit behind wheels, inspect engines, and experience new technologies. There were also high-end exotics from DuPont Registry Live.

Thanks again for everyone's help and we look forward to doing it all again next year!

Professional Appraiser of Antique, Classic and Special Interest Vehicles. The price is \$75 a car when in a group of 4 cars. 757-421-902

MARCH 2017 CAR HOBBYIST NEWS FROM THE COUNCIL

This year's General Assembly session had one bright spot for car hobbyists and that was SB 1532 – no local tax on antique vehicles. Senator Lynwood Lewis (the bill's sponsor), says the bill had been requested by the Local Government Treasurer's Association because the rules governing local vehicle registration fees for antique cars were confusing. The Association proposed simply to eliminate all local antique vehicle registration fees altogether. Although the bill had a tough first hearing in a senate committee, it has passed both houses. The governor has until near the end of March to sign the bill. Since it has been on his desk for a while I'm guessing he will sign this into law. I've noticed that the governor usually vetoes bills pretty quickly. What does this mean to you and me as antique owners? It means no more local registration fee for antiques. Currently some localities are doing what the law says – a one-time fee for local registration while others I suspect are charging an annual fee. Those fees will end if the governor signs this bill into law.

The other bill, HB 2447, which would have ended local registration fees for all vehicles failed to get out of committee. Last month I posted some unique bills so this month I have them below with their fate noted.

HB 1627 - State Police to amend its regulations such that a motor vehicle safety inspection shall include an inspection of interior lights to ensure that such lights are in good working

order. (Left in committee)

HB 1725 - Prohibits any vehicle from driving in the left lane of a highway unless passing another vehicle or in preparation for a left turn. (Left in committee)

HB 2290 - Requires each driver education program in the public school system to include instruction concerning traffic stops. (This bill is waiting the governor's signature to become law)

SB 1021 - Provides that the failure to obey a highway sign due to the driver's sleeping or resting in his vehicle on the shoulder of the highway is a prepayable offense. (This bill has passed both houses)

SB 1184 - Prohibits a person operating a motor vehicle from allowing such vehicle to stand unattended without first stopping the engine, locking the ignition, removing the key from the ignition, and effectively setting the brake. (Defeated in committee)

For many years now all the auto-related legislation is listed at the VAACC website. Direct link is <http://vaacc.org/legis1.html>

New sheriff in town – the EPA has a new head, Scott Pruitt, a man who has sued the EPA and was a strong critic of the agency, is now in charge.

Pruitt is a lawyer and Republican politician from the state of Oklahoma who is now the 14th Administrator of the Environmental Protection Agency. Pruitt represented Tulsa and Wagoner Counties in the Oklahoma Senate from 1998 until 2006. In 2006, Pruitt launched an unsuccessful campaign to receive the Republican nomination for Lieutenant Governor of Oklahoma. In 2010 Pruitt was elected Attorney General of Oklahoma. In that role, he supported

religious freedom laws and fought against abortion rights, same-sex marriage, the Affordable Care Act, and environmental regulations as a self-described "leading advocate against the EPA's activist agenda".

In December 2016, Republican President-elect Donald Trump nominated Pruitt to lead the EPA. In response to the nomination, Pruitt said, "I intend to run this agency in a way that fosters both responsible protection of the environment and freedom for American businesses."

On February 17, 2017, the Senate confirmed Pruitt, by a vote of 52-46, to be the Administrator of the Environmental Protection Agency. The vote was mostly along party lines, except for Republican Susan Collins voting against, and Democrats Joe Manchin and Heidi Heitkamp voting in favor (Republican John McCain and Democrat Joe Donnelly did not vote). Pruitt was sworn in the same day by Supreme Court Justice Samuel Alito. While critics have described him as a climate change denier, Pruitt has stated that he believes that "the climate is changing, and human activity contributes to that in some manner."

The next few weeks are going to be interesting in DC. We will see what actions the new EPA head takes and how that will change/shake things up.
