**TUCKAHOE PUBLIC LIBRARY LOCATED**  
**AT 1901 STARLING DR. 23229 AT**  
**7PM, JULY 11**

### **A NOTE FROM THE PRESIDENT**

Welcome to Summer! The Beaverdam parade is scheduled for July 4<sup>th</sup>. Ft Lee reached out to us to attend a Cruise-In on July 4<sup>th</sup> from 2:00-5:00 PM. Please let me know if you are interested, you'll also be invited to stay and watch the fireworks. For those with a valid email address, please see my email dated June 25<sup>th</sup>.

Since July's first Wednesday is Independence Day, the July meeting is scheduled for July 11<sup>th</sup>, 7:00 PM at the Henrico County Public Library-Tuckahoe

location. The address is 1901 Starling Dr, Henrico, VA 23229.

Our third Mission BBQ Cruise-In is coming up on July 14<sup>th</sup> from 5-8 pm. Please continue to spread the word and let's grow this cruise-in!

I am saddened to announce the passing of member, Gren Stanley on June 8<sup>th</sup>, who joined CVMC in 2014. Gren and Nannette have been very active members. Gren was always at the ready with his camera at shows and various events. He jumped in to volunteer, tell a joke, and appreciate the friendships made with club members. Gren's burial is planned for June 30<sup>th</sup> at Hillside Cemetery, 2556 Susquehanna Rd., Roslyn, PA. 19001. A group of Mustangs is planning to drive together to PA, an email should be going out with details. You will be missed.

To date, we have 30 registrations for the fall show scheduled for September 15, 2018. As a reminder, this show is pre-

registered only. Get those registrations in! Also consider placing you or your company's name on a trophy, for \$100 you can make it happen. A portion of the proceeds will go to VCU Parkinson and Movement Disorders Center. Volunteers will be needed for goody bag night, Friday setup and during the show. If you need a volunteer t-shirt please see me, Kathy McWilliams or email me at [president@centralvamustang.com](mailto:president@centralvamustang.com). For show questions, please see Ben Bruno or email him at [show@centralvamustang.com](mailto:show@centralvamustang.com).

The events list is current, be sure to check out the [Google online calendar](#), our [Facebook](#) page, and the newsletter for details.

## MCA REPORT

Mustang Club of America (MCA):

- The nominations committee will be reminding people about running for the board, seeking reelection or running for the first time. Mustang Times will soon have an article outlining it, but start thinking about it now! The deadline usually is the end of July to have your bios and picture published in the September issue.
- I am putting the finishing touches on the application for the President's Award as of this writing (06/24/2018). Nanette Stanley and Mike Peyton did a fantastic job repairing CVMC's membership list. This year I spent about 16 hours researching the entire membership list looking for and then creating the required lists for 65 new CVMC members. Only their names, CVMC number, and finding 8 new MCA member's names are on that list. Both required lists were placed in different sections of the application. Mike's roster saved me many more hours of effort.

Congratulations to Laurie and David Deusebio, Tony Hall, Sharon Hazelgrove and Robin Reese on earning Gold for their Mustangs at the rainy May MCA National show in Grovetown, Georgia. Hopefully in the near future Laurie and David will become Gold Card Judges. And Robin Reese earned 1<sup>st</sup> place in Greensboro, N. Carolina's Gate City Triad Mustang Show on June 9<sup>th</sup>.

In 2019 our Mustang will be 55 years old. Ford Motor Company will not have a

Mustang celebration. Instead there will be a "Mustang 55<sup>th</sup>" year celebration at the Grand Opening of the "Mustang Owner's Museum" from April 17<sup>th</sup> to 20<sup>th</sup>. On the same date the Museum will be hosting a "55 Years of the Mustang" event at the Charlotte Motor Speedway. Hotel reservations for this event are now available by going to [info@mustangownersmuseum.com](mailto:info@mustangownersmuseum.com). The preview Museum" now has a phone number (980) 439-5653. More information will be available in the months to come.

The September 15<sup>th</sup> fall show at Bass Pro Shops is available for you to register using Motosho @ [www.motosho.com](http://www.motosho.com). The show is now published in May's issue of Mustang Times, page 74. For our new members there were several articles in "Mustang Times" on the ease of using their system and what Motosho can do for registering in future MCA or other shows. These articles were listed in March's newsletter.

For our new members you can join MCA, on line, at 3 different tier levels which are discussed at MCA's website [www.mustang.org](http://www.mustang.org). When you join please let me ([mcadirector@centralvamustang.com](mailto:mcadirector@centralvamustang.com)) or Mike Peyton ([membership@centralvamustang.com](mailto:membership@centralvamustang.com)) know. I will need your name & MCA number because your membership counts toward MCA's prestigious Presidents award. As a member you receive "Mustang Times" magazine, which is included with your membership and NOT available on newsstands or anywhere else. You can also advertise your Mustang or Mustang parts at no charge on pages 76 to 79. Take a look @ the last inside page for pictures of MCA shows from a few years ago; you may see your picture there.

In June's issue is an extensive article called "Bashing in Vegas" and guess whose Shelby is the first you see on page 32? None other than Virginia's Wild Bill Evens leading the all those Shelby's down

the Strip. More on the Bash, pages 34 to 38 and there, again, is our own Bill raising money for the Carroll Shelby Foundation. The pictures are great.

As always check our newsletter and face book websites for upcoming activities in our area.

## PARADES

### Bon Air Parade:

We had only 5 cars for a slow parade on a nice day.

### Sandston Parade:

We had a large turnout of 21 cars, some we don't see very often on another nice day, nice parade also.

### Beaverdam Parade:

We will meet on the 4th of July in Montpelier at the Montpelier Center (17205 Mountain Road, Montpelier) at 8:15 A.M. to leave at 8:30 A.M. to drive to Beaverdam to line up for the parade. This is a unique parade/cruise/car show etc.

### Parades in general:

I am giving up being the parade person for the club at the end of this year or sooner if someone wants to take over earlier.

## July 2018 Car Hobbyist News From the Council

This July 1<sup>st</sup> the antique vehicle exhaust bill becomes state law. You are now free to select and install aftermarket exhaust parts. Keep in mind that the exhaust system must operate properly.

Also becoming law is the military vehicle bill. This will allow titling and registration of off-road military vehicles so that you can drive and use them. SEMA backed the bill and there have been similar bills introduced in other states. Apparently some of those surplus vehicles were difficult to title and register.

Think fooling with emissions is no big deal? You may recall from 2015 the Volkswagen exhaust emissions cheating. This is an excerpt from Fortune in 2015: About 580,000 VWs in the U.S.—and almost 10.5 million more worldwide—weren't really "green" at all. As the world began to learn in September, when the U.S. Environmental Protection Agency issued a shocking "notice of violation," the vehicles met emissions standards for dangerous oxides of nitrogen, known collectively as NOx, only when running their paces in an artificial, indoor lab setting. Volkswagen has admitted this.

Software in the engine recognized the telltale signs of the testing regimen and turned up the emissions-reduction equipment when its exhaust was under scrutiny. But once the car was driven onto actual roads, the equipment adjusted and the vehicle disgorged up to 40 times the permissible levels of NOx.

For seven years Volkswagen's advertising campaigns flogged these vehicles' bogus eco-friendly credentials in print, media, and even Super Bowl commercials. In one memorable example, the "green police" stop a long line of smog-belching cars but wave a lone, righteous diesel from VW's Audi division through with a cheery, "You're good to go, sir."

Just recently this story was in the news again as Audi Chief Executive Rupert Stadler, head of the Volkswagen Group, was arrested. German prosecutors reportedly arrested Stadler due to a potential risk that he might seek to suppress or tamper with evidence related to the scandal. The prosecutors' office said that Stadler had been seen by a judge "who has ordered him to be remanded in custody." Even Stadler's apartment was raided. Volkswagen the previous week agreed to pay a fine of 1 billion euro (\$1.2 billion). There are pending investigations in 55 countries. Yes, governments take emissions very seriously plus they are going to get a lot of money out of the Volkswagen Group - the automaker has earmarked more than 27 billion euro in fines, buybacks, and costs. That's \$32.4 billion in US dollars.

The tariffs of President Trump could have an effect on cars and parts. This is from SEMA: President Trump has directed the U.S. Department of Commerce (DOC) to investigate whether imported automobiles and auto parts pose a threat to America's national security. The DOC investigation applies to all types of cars and parts—new cars, classic cars, OEM parts and specialty auto parts.

The DOC will issue its findings and recommendations for presidential actions,

if any. Such a recommendation could include imposing global tariffs of up to 25% on all automobiles and auto parts imported into the United States. The SAN opposes the threatened tariffs. The comment period ended on June 29<sup>th</sup> so we should soon find out the DOC's decision.

Four US senators, Ted Cruz of Texas, Rand Paul of Kentucky and James Lankford and Jim Inhofe, both of Oklahoma; have called for an investigation of National Science Foundation grants, saying the federal agency had ventured beyond science and into political advocacy, particularly with its support of a program to encourage TV weathercasters to report on global warming. The demand for an investigation came the same day that NBC News reported how Climate Central had helped educate more than 500 TV weathercasters across the country on global warming and the impacts it is having on everything from temperatures to the growth of poison ivy to the amount of pollen in the air. The organization's six-year-old program with TV weather reporters is called "Climate Matters." It will be interesting to see where this goes as the news media has taken a hit from President Trump's fake news accusations.
