November 6 Meeting Location:
Henrico County Library – Varina Branch
1875 New Market Rd.
Henrico, 23231

A NOTE FROM THE PRESIDENT

I hope you are enjoying the cooler weather and looking forward to Halloween and a late Thanksgiving!

For our annual leaf cruise on 10/26, we had 20 Mustangs and 31 hungry drivers and passengers make it to the Wood Grill Buffet for lunch. The temperature was terrific, the entire day was overcast with only a few sprinkles, the leaves were brilliant. We broke up into 2 groups which works better with traffic. We traveled up Rt 33 to Rt 340 then Rt 211 to Rt 11. I saw many homes decorated for Halloween to include a skeleton riding on the back of a fake/decoy deer!

For the remainder of 2019, we hope you'll be out enjoying your Mustang(s) at one or both of the holiday parades, our monthly meetings, or our holiday party. Our annual holiday party will be held December 7th and is always a great time to relax and enjoy our extended family and fellow enthusiasts. Please get those reservations in by Nov 25th, go to our sign-up page, <http://motosho.com/event/central-virginia-mustang-club-holiday-party>. Your payment of \$25 per person can be made with PayPal or check. All events can be found at <http://www.centralvamustang.com/events.pdf>.

December through March, we'll plan to schedule bi-weekly lunches on Saturdays again this year. You can drive anything and bring anyone, very casual, the only guideline-No Chain Restaurants! If you have a restaurant suggestion, please contact me at president@centralvamustang.com.

The following have agreed to serve as CVMC Officers until 2022:

Kathy McWilliams, President
Graham Marstellar, Vice President
Michelle Jordan, Secretary
Carolyn Vivas, Treasurer (new)
Dave Dickey, MCA Director

The following have agreed to serve as CVMC Directors until 2022: David Deusebio (new), Robert Doswell, Sharon Hazelgrove, Ron Martin (former officer), Sandy Robbins, and Tommy

Wilson. These Directors will join these current directors who will serve until 2021: Laurie Deusebio, David Lythgoe, Jim Marr, Johnny McGrath, Michael Peyton, and Rusty Wiseman.

2019 CVMC DIRECTOR'S MEETING 4TH QUARTER

The 4th Quarter Director's Meeting was held at 7:00 p.m. on October 15, 2019, at the Sandston Public Library. Directors present were: Kathy McWilliams, Graham Marsteller, Laurie Deusebio, Johnny McGrath, Rusty Wiseman, Sharon Hazelgrove, Llew Stakes, Dave Dickey and Sandy Robbins. Several members were also in attendance.

Welcome:

President Kathy McWilliams opened the meeting by welcoming all for attending.

Club Enthusiasm:

Kathy again urged everyone to encourage members to help get the membership enthused and participating in the Club's events as well as recruit new members.

Hot Topics:

Tony Hall reported on the current status of the trailer wrap. Tony stated the cars had been selected and pictures taken of the vehicles. Tony and his group will be reviewing the pictures and working with the vendor to schedule the wrapping of the trailer.

Merchandise:

Jim Marr distributed for review and purchase several 'Club' tee shirts that were now available and asked for suggestions relative to sweatshirts, jackets and long-sleeved tee shirts. There was interest and those interested were encouraged to contact Jim.

Holiday Party – December 7, 2019:

The Holiday Party is scheduled for Saturday, December 7, 2019, at the Grapevine Restaurant, Three Chopt Road, 5:45 p.m. until 9:00 p.m. Everyone should log into MotoSho and register for the party. Volunteers are needed to arrive around 4:30 p.m. to assist in decorating. Trivia and gift exchange will occur again this year. \$15 limit on gifts for the exchange. The menu will be the same as previous years.....everything is great! Thanks to Laurie Deusebio for all the hard work in planning this event!

Fall Show – September 14, 2019:

Kathy reported extensively on the Fall Show. We were happy that all of the vendors were in attendance: Ford Merchandise, Icey Somethin Icey, Mustang Don, Sheehy and Venomous Works. 107 vehicles were judged. Award plaques and best of show trophies were mailed on October 10. We had good weather, great support from Bass Pro and the use of the registration tent was much smoother with the new tent.

After some discussion, it was voted that \$2000 would be donated to each charity from the proceeds from the 2019 Club activities. The Club's year has been very successful and the Directors felt the full amount of profits should be donated in full.

As with each year, more experience and improvements are made in order to make our shows as successful as possible. Our next show will be the Spring Show currently scheduled at Cabela's, West Broad.

Open Agenda:

Graham Marsteller will be leading the November 6, meeting in the absence of Kathy at the Varina Public Library. The January meeting will be scheduled for January 8, location to be announced. OOPS

As hard as we tried, we missed one!

At Grand Nationals, Jim Holtzclaw earned a Gold for his gorgeous 2013 Modified Driven 2013 GT500. Congrats, Jim!

If anyone else earned an award and we have not captured it please send an email to Dave Dickey at mcadirectoratcentralvamustang.com We keep a record of all awards received, as we know them.

HOLIDAY FESTIVITIES

Hard to believe it but, yes, it is true. The holidays will be here before you know it. Time to gather with good friends, eat lots of good food, trade some fun and perhaps unique gifts (many of which one needs to be over 21 to receive.) What a great way to get the holiday season started. Once again, we plan on being at The Grapevine Restaurant, 11055 Three Chopt Rd., Richmond, VA. 23233. Festivities are booked for December 7 and fun will start at 5:45. Cost per person is \$25.00. Please make your reservation through MotoShow. Payment goes through PayPal, Credit Card or pay at the club meeting. Cutoff for accepting reservations is November 27.

Now, let's get to the important stuff. We will enjoy mozzarella sticks, salad, homemade rolls, Fettuccini Alfredo with Chicken and Broccoli, Chef Michael's Favorite Pasta, Chicken Marsala, Salmon Piccata with Rice Pilaf and finish it off with Baklava and Tiramisu. Price includes coffee, tea and soft drinks. You are on your own for alcohol.

PARADES

Glen Allen Parade, October 5:

We had about 10 cars, not sure about total numbers as the parade people split us up for some reason with a float in between us. They would not let us go around the float so we could all be together.

Ashland Parade is November 24. We should be receiving information soon and will share when available.

The Mechanicsville Christmas parade - Llew advised that this parade has been moved to December 8. More to come.

MCA REPORT

Mustang Club of America (MCA) news:

My proxy vote discussion at CVMC's October business meeting resulted in a unanimous yes vote to add a change in the MCA bylaws to add a youth enrollment membership category to the other membership classes. The Proxy was email and received on 11 October in time to be counted at the quarterly MCA Corporate Board of Directors meeting being held in Dallas, Texas.

The electronic on line Board of Directors voting was a huge success. Last year's mail in (snail mail) voting was only 882 votes. This year 1,856 votes were cast and MCA thanks you.

The quarterly MCA Corporate Board of Directors meeting was held on August 3 in Dallas. The meeting opened with a welcome to all National and Regional Directors with attending Officers and Directors roll call, and approval of May 11th minutes. The following were Committee reports which I will inform you when I get a copy of the draft:

- Executive and Finance Committees
- Administrative, Club charter and Support
- Driving Events, Hall of Fame, Industry Liaison, Insurance, Internet, Judging, Marketing Membership/Special Events, National Shows/Automation
- Nominations/Elections reports. 17 Bio's and pictures were received before the July 15 deadline. They were then checked for more than 300 words and current MCA membership
- 1 hour lunch break
- A call for new business
- The October Regional Directors' Summit will take place 11 to 12 October with the Corporate Board of Directors business meeting on the 13th in the Hyatt Place Hotel at the Silverton Villages in Las Vegas, Nevada. With no further business the meeting was Adjourned.

Our Fall show: there were over 100 show cars to be judged. David Fial, Curtis Robb, & myself examined an additional 25 or so gorgeous vehicles (some several times) before we had a Best of Show vehicle in all 4 categories. It seems every year the cars that come to our show are getting better and this show had some really awesome cars.

I have been stopped several times and told what a fantastic show CVMC produced at Bass Pro Shoppes. Thanks to the hard work of all our volunteers and judges.

In case you missed it, in September's issue of Mustang Times our President, Steve Prewitt, has some terrific comments on the Grand National held over the Labor Day weekend page 4. Also is information on replacing the wimpy sounding single horn on the 2019 Mustangs with a 2018 dual horn on pages 48 to 49. Check out the wonderful story on the Swiss needing a Mustang for the "55 Years of the Mustang Celebration" pages 52 to 53. Mustang Regional Event shows are listed on pages 72 to 75. Grille Medallion Application form is on page 79. If you are looking for a Mustang or parts, check out the Mark Place on pages 76 to 78. Hopefully the Classified section will return

For our new members you can join MCA on line. There are 3 different tier levels which are discussed at MCA's website www.mustang.org. When you join MCA please email me at (mcadirectoratcentralvamustang.com) or Sandy Robbins at (membershipatcentralvamustang.com). As an MCA member you receive "Mustang Times" magazine included with your membership which is NOT available on newsstands or anywhere else.

As always check our newsletter, Facebook calendar, and CVMC's events listings for any upcoming activities.

NOVEMBER 2019 Car Hobbyist News From the Council

Be sure to vote on November 5th because
elections have consequences. Both houses of
the General Assembly are controlled by
Republicans but both have razor thin margins. In
fact one house race was decided by coin toss
and that gave control to the Republicans. A
federal court has redrawn 11 districts which
favored Republicans but now favor Democrats.
This is the reason you are seeing so many TV
ads as the Democrats are predicting a "blue
wave" to take the General Assembly. Speaking
of TV ads, some of the ads are just plain false. It
worries me when people will do or say anything
to get into public office.

As car hobbyists we have worked with members
of both parties to get what we need. The
success of the exhaust bill in 2018 is a prime
example. All members of the General Assembly

voted for the bill and the governor signed it into law. When you have a good bill with really good reasons to support it you can get everyone to agree.

There are also local elections for offices like Commonwealth Attorney, Sheriff, Commissioner of the Revenue, Treasurer and school board. You should check to see who is running in your locality and decide who you wish to support. And again, be sure to vote!

Last month I wrote about car and truck sales. The figures for the first six months of this year show that sales are down 2.4% from last year. In August sales rebounded some but annual sales could finish the year at 16.9 million. If they do it will be the first time since 2014 that new vehicle sales fell below 17 million. The high cost of new vehicles along with interest rates that are higher than they should be have hurt sales as most people get a loan for new vehicles.

From the Internet: Compact crossovers cool off What's been the hottest segment in the industry for years is on track to shrink in 2019. Sales of compact crossovers are down 4 percent through June. It's still the largest segment in the U.S., but automakers are up against increasing competition for a pool of customers that's no longer growing, which is a potentially troublesome combination. The Nissan Rogue, Ford Escape and Jeep Compass have been the segment's biggest decliners this year.

Pickups picking up steam

There's no sign of slowing momentum for pickups. Full-size pickups rose 1.5 percent in the first half of the year, with Ram taking share from most of its rivals, and the Ford Ranger and Jeep Gladiator pushing midsize pickups to a 15 percent gain.

Subaru's success

The margins haven't been all that big lately, but Subaru has stretched its streak of year-over-year gains to 91 months as of June. If that's not impressive enough, Subaru is now the industry's largest brand that's still growing in the U.S., as all six brands with more market share posted declines in the first half of the year. It's up 5.2 percent on the year.

Korean brands rebound

The Detroit 3's sales declined 3 percent in the first half. Japanese brands were down 3.5

percent, and European manufacturers dipped 1 percent. But Hyundai and Kia, the Korean brands that were struggling mightily as car sales began to plummet in recent years, are up in 2019. And Genesis, Hyundai's luxury spinoff, is the fastest-growing brand in the country, up 38 percent on the year. Hyundai mostly has the Kona subcompact crossover to thank for its resurgence. Kia's three-row Telluride has quickly put up big numbers, and the Genesis G70 is off to a fast start.

Last year

June marked the 12th consecutive month of year-over-year declines for two brands: Chevy and Mazda. Both makes also posted their lowest sales totals in the first half of a year since 2011. The only brands that have posted negative numbers for more than a full year are Mini, Fiat and Smart.

The GM strike has been going on for over a month. There is hope that it may end soon. Some are worried that this will delay production of the new Corvette. From Hagerty: Multiple media outlets have reported that the current United Auto Workers strike will delay the production and launch of the eighth-generation Chevrolet Corvette Stingray. When General Motors and UAW finally reach an agreement, GM will be playing catch-up on current C7 orders; then, its Bowling Green (Kentucky) Assembly Plant will have to be retooled for the C8.

Dealers could submit orders for the C7 through July 18 if the dealer had allocation available, and Bowling Green Assembly was scheduled to begin C8 production later this year. Although a person familiar with the Bowling Green operations told the Detroit Free Press that "this strike is directly going to affect the start of regular production for the mid-engine Corvette," a GM spokesman would not confirm a delay.

"As we've previously stated, Chevrolet Corvette Stingray production begins in late 2019 and convertible production follows in late first-quarter 2020," the spokesman told the Detroit Free Press. "It's too early to speculate on production timing impacts on any of our vehicles due to the UAW work stoppage."

In other bad news NASCAR is looking at running hybrids by 2022. In fact, they are also looking at electric racecars for the future. "We travel the

world visiting other sanctioning bodies and are not ignorant to the fact that the world's going towards more hybrid technology," NASCAR's senior vice president for racing development John Probst told TechCrunch. Probst said NASCAR is "pushing to go full electric," too. But the association is taking things one step at a time. Its Next-Gen race car just completed its first on-track tests and is set to debut at the 2021 Daytona 500. It will release its Next-Gen race car guidelines in 2021. Then, we'll likely see some type of hybrid tech. NASCAR isn't alone in this push. IndyCar is planning to switch to 900-horsepower hybrids in 2022 as well. The bottom line is enjoy those ICE (internal combustion engines) as long as you can. Keep in mind president candidate Bernie Sanders has stated he wants to establish a \$2.09 trillion grant program for low- and moderate-income families and small businesses to trade in used internal-combustion engine cars for new electric cars. The program would limit participants to electric vehicles built in America.
