CENTRAL VIRGINIA MUSTANG CLUB

ISSUE 32

PRESIDENT'S PERSPECTIVE JANUARY/FEBRUARY, 1989

The Central Virginia Mustang Club welcomed 1989 in with a bang!

I trust that everyone has remembered to renew their dues. If not take a moment to do so now.

Anyone that missed the last meeting, we have been invited to put on a car show at Petersburg Ford on April 22, 1989. We are hoping to get as many cars as possible. The theme is "The Central Virginia Mustang Club Presents 25 Years of Ford Mustangs". Watch for further details.

I am going to try and have another rally in March. I'll make it shorter this time. And speaking of car shows, we will not be able to have our show at AJD this year. The lot is full of trucks and other things. We will wait to hear from Kenny about a new location. Carroll Lipscombe will be arranging the St. Patrick's Day Parade. With all of these activities, we are going to be very busy this spring. As always, let someone know of an activity that you would be interested in as a Club activity.

Don't forget to contribute something to the newsletter. Carolyn and I would appreciate it greatly.

Till next time... .

Terry Wagner, President

VICE VOICES

I want to remind everyone that the membership dues are due in January, 1989.

You can mail your dues to our post office box or pay them at the next meeting. Thanks for your cooperation.

Mike Walker 2nd Vice President - Membership

CVMC SPRING CAR SHOW PETERSBURG FORD

Petersburg Ford in Petersburg, Virginia will be hosting the Central Virginia Mustang Club's spring car show.

Their plans call for Market Street to be blocked off in front of the dealership to allow easy access to the lot where the show cars will be parked. The tentative plans call for the participants to enter from Washington Street, proceed to the registration desk which will be under an overhanging roof, then on across Market Street to the show area which should be able to accommodate 400 cars. The vendor area entrance will be across the lot from the Market Street side. There is a ten foot fence around the vendor area with only one gate. There will be an additional lot to park trailers and other support vehicles. Parking for the general public will be across Washington Street with arrangements made with the church on the corner to use their lot if needed.

Mr. Wilson also indicated that there would be about 25 Petersburg Ford employees available to assist us in any way.

As stated earlier, these are tentative plans and subject to change. I think with all of the effort that Petersburg Ford is putting forth, we should do all that we can to attract as many cars as possible, Mustangs as well as Special Interest Fords.

WINSTON CUP OUTLOOK - 1989

The Thunderbird will be the Ford model to be used on the Winston Cup Circuit.

Bill Elliott, Coors Melling Racing will return with little or no changes to their crew.

Junior Johnson, former Winston Cup Champion and current team owner, announced in October that after many years of General Motors affiliation that his team will be switching to the Ford Thunderbird for the 1989 season.

Neil Bonnett will replace Kyle Petty in the Wood Brothers' Citgo sponsored Ford Thunderbird. Bonnett drove for the Virginia based team from 1979 through 1982 and won 9 of his 18 wins with this team. Bonnett will run the entire 29 race schedule with the Wood Brothers.

Engine builder, Robert Yates has purchased the Allison/Texaco team from Harry Ranier. Yates has signed Davey Allison as driver through the 1991 season. Texaco has also committed sponsorship through 1991.

Kulwicki racing expands into an engine program for 1989. Kulwicki has formed ALTECH, a research and development company to provide custom made race engines exclusively for Kulwicki's Zerex Ford team. ALTECH will be headed by prototype engineer Ron Neal and will maintain a full time staff of five people. ALTECH's headquarters will be located adjacent to Prototype Shops near Hainesville, Illinois. Prototype has supplied Kulwicki with racing engines for 11 years. Kulwicki racing will still maintain their shop in Concord, NC.

In other Ford Motorsports racing programs...the Mercury Cougar returns to Ford Motor Company's racing stable after 22 years. The Cougar will compete in IMSA's Camel GTO Series. The Ford Probe made its' debut October 9, 1988 with Bob Glidden. For drag racing, the Probe is more aero dynamic and many feel the Probe will be the choice of many drag racers. Ford Motorsports has also announced the introduction of a new Ford - Cosworth engine for use this season's Formula One World Championship.

1988 MEMORIES

In the fall the CVMC took a scenic trip to Winchester, to White Post Restorations. There were hundreds of cars of all makes and models, arts & crafts, bluegrass music, and more. The weather was clear and fairly warm.

In addition to these events, Club members got together several Friday nights at Southside Speedway to cheer on their favorite stock cars.

1988 also saw Tina Fritz in her last Enduro race. Mike Walker participated in two Enduros. Mechanical problems took him out early in both races.

What were your favorite memories of '88? We would love for you to share them with us. Please send any articles thoughts, etc. for the newsletter to Carolyn Timms, P. O. Box 35474, Richmond, VA 23235-0474.

TORINO REGISTRY

CVMC member, Scott Hanes recently formed a Torino registry for the '70-'71 Ford Torino Cobra 429 GT's. He has had letters published in most of the car magazines. So far he has had 80 replies, however there were 7,675 Torino Cobra's made in '70 and 3,054 made in '71, so that leaves quite a few unaccounted for.

Good luck Scott in your search, and keep us posted on your progress.

BUSCH CLASH PARTY

The CVMC is invited to welcome in the racing season at the home of Butch Williamson and Donna Seay on Sunday, February 12th at 12:00 p.m. Homemade BBQ and chile will be on the menu. You only need to bring your favorite beverage and a side dish - chips, etc.

The race starts at 12:00 p.m. and only lasts about 30 minutes so come early as not to miss any action.

Please RSVP at 739-4800 by Friday, February 11th.

DIRECTIONS:

From Chippenham Parkway take 360 West (Hull Street Road/Amelia exit). Continue on Hull Street for about 7-8 miles, go past Brandermill. After Brandermill you will pass Clover Hill High School on the right...1/2 mile past the school there is Winterpock Road on the left. Turn left on Winterpock (there is a state sign pointing to Winterpock). If you pass Woodlake on Hull Street you have gone too far - turn around. Once you are on Winterpock go about 3 miles to Crump's Store, continue straight on Winterpock at Crump's Store. We are the second house on the left after the 3rd road on the left (Ranger Road). PARTIES, PICNICS, ETC. YEAR-END REPORT

1988 was a busy year for parties, picnics, etc. for the CVMC. The first picnic of the year was held at Rockwood Park in Chesterfield County. Hotdogs were provided by the Club and other goodies were provided by Club members. We had the Championship of the World in horseshoes. Mike Walker showed all how to "ring" tree limbs. All the race fans were huddled around a small portable TV and watched Bill Elliott win the Winston.

Our second picnic of the year was also held at Rockwood Park in September. The food left from the car show concession was used. Once again, horseshoes and volleyball were the activities of the day.

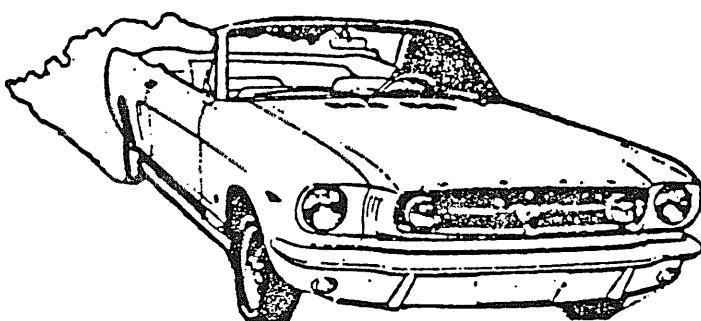

Our annual Christmas Party was held at a member's home, plenty of good food was provided. All members attending had a great time.

If you missed any of this fun, make sure you participate in '89. Tentative plans are for a picnic in May and Sept. and a party in Dec. If you have any suggestions for activities in 1989, feel free to contact Donna Seay, 739-4800.

MEMORIES OF '88

CVMC members look forward to the spring. The Club kicked off spring with attending "ALL FORD DAY" at Engleside Plantation in Hanover. As usual, members met and caravaned to the show. We spent the day eyeing Fords of all kinds. Hot dogs were provided by the Club, Kenny Fischer acted as head cook and kept everyone fed. In August, after months of hard work by all involved, the CVMC put on their annual car show. Preparation started the night before the show. Concession and vendor spaces were all organized and put in place. After all the work was done the set-up crew feasted on pizza. The show ran smoothly, and everyone seemed pleased. In September some members attended the racing activities at the newly redesigned raceway. Members were at the track Fri., Sat., and Sun. Friday was practice and qualifying. The die-hard race fans did not flinch when the rain came. Most of us were so excited about the race that we enjoyed watching the safety vehicles circle the track. After seeing Davey Allison win the Miller 400, everyone met at the Pizza Hut to mull over the weekend's event. Several members participated at Richmond Dragway's Mustang Night. Several members showed their racing skills with their classic Mustangs. Hopefully '89 will be just as enjoyable for the CVMC members.

RACING RECAP - 1988

Winston Cup Ford fans had plenty to cheer about this year. Always out numbered by General Motors' cars, the Fords proudly took home their fair share of trophies and money. Ford entries snatched 14 of the 29 Busch poles awards up for grabs. Bill Elliott grabbed the most poles and the \$30,000.00 Busch beer year end award with six poles. Alan Kulwicki was a strong second with 4 pole positions, Davey Allison was third with 3 poles, and Mark Martin in the Stroh Light thunderbird with one pole position. Not only did Ford take almost half of the poles between 4 drivers, Elliott, Kulwicki, and Allison were the highest repeat pole position winners for 1988. The Ford teams visited victory lane 9 times in 1988. Bill Elliott visited victory lane six different times. He won more races than any other driver this season. Davey Allison found victory twice this season. Alan Kulwicki as owner, and driver of the Zerex Ford thunderbird found his first win of his Winston Cup career at the inaugural running of the Checker 500 in Phoenix, Arizona. Alan ran his "polish" victory lap backwards so all would remember his first win. In his hometown of Greenfield, Wisconsin, the mayor proclaimed November 14 Alan Kulwicki day. Bill Elliott with his six wins claimed the Winston Cup title by 24 points over Rusty Wallace. Bill also won the most popular driver award. This award is voted on by race fans across the nation. Bill has won this award for several years in a row. Bill Elliott won an additional \$20,000 bonus from Gatorade. This award is given by Gatorade for the driver with the most wins for the season. Alan Kulwicki also snapped up the Van Camps Determination Award for 1988. This award put an additional \$20,000 in Alan's pocket.
