President's Message

A TIME FOR TRADITION

During the Holiday Season, many traditional customs are followed. Big meals on Thanksgiving, Christmas gift giving on Christmas morning, and New Year's celebrations. As a Club we also follow the traditional spirit in many ways, some of which we should be very proud; like the tradition of togetherness as a Club, the willingness to cooperate with each other, to succeed at the goals we set, and the tradition of this season, giving. As your President, I would like to thank the membership for voting to give the \$200.00 donation to the Christmas Mother Fund. I am sure this money along with all of the other donations will brighten the spirits of some families and children who traditionally would not have had much to celebrate. Thank you very much.

Not all traditions should be followed and there are two I would like to see changed in our Club. We traditionally tend to be slow about paying our dues, also we tend to have the same members at most of the Club social functions. Let's try to break from tradition and get our dues in earlier and let's see some new faces at our Club events.

GOING, GOING, GONE

All of the Feb. '91 Nascar tickets have been sold. We will accept reservations with payment for the September race beginning at the March meeting.

BUDGET COMMITTEE

There are still some openings on the budget committee for 1991. If you are interested in serving, please let me know at the next meeting.

CHAIRPERSONS

If you are still willing to hold your position for 1991, thank you very much. But, if you feel the need to step down, please let me know before the January meeting.

*I'll see you in '91
Monte*

RICK'S TIPS

RICK'S BELIEVE IT OR NOT

The following happened to me. Having decided to try to find a very very rare carburetor (only 2 dozen have shown up out of a possible 50 believed total production), an ad in Hemmings was placed. I received a couple of calls, but the last call was really an interesting one.

David Aldridge called me concerning the carburetor I had advertised for. His price on the carbs was very very low. I was tickled to death. Three months of ads and I had located a pair of them. I asked if he had any other parts. He stated he had purchased a deceased Ford executive's collection. The Ford executive whose estate was valued at \$26 million collected Fords and Corvettes. Mr. David Aldridge stated he wanted the Corvettes and wished to dispose of all the Ford parts.

I asked him what he had. He stated most parts, approximately 90% were New Old Stock with concentration placed on Boss 302 and Boss 429. The used pieces were Ford experimented parts developed for racing that the deceased Ford executive had picked up and stored. The quantity of parts were a hundred or so boxes of New Old Stock with 20 to 30 experimental racing pieces. I was ecstatic. David Aldridge stated he wished to sell all pieces and would let the whole package go very cheaply to sell the parts. He did not care what they were worth because he was given the parts free with purchasing the Ford executive's cars.

I decided to ask what cars he was selling and were any Ford products. Mr. Aldridge stated that the only 2 Ford cars he had for sale were a Boss 429 and a 1957 T-Bird. Both cars were original paint and unrestored, and both had less than 45,000 miles. Mr. Aldridge stated that he had paid \$4,000 for both cars and would like to make \$2,000 profit on the two cars.
