## President's Message

### **JUST AROUND THE CORNER**

*Sometimes in this rush rush world we live in, its not possible nor is it feasible to plan ahead for everything we do. But, lurking just a few months in front of us is our annual car show.*

*It takes a lot of hard work and a great deal of planning ahead to succeed at this large undertaking. Already the Board of Directors and Officers have laid the groundwork for the show. Our show chairman, Kenny Fischer has started his work, and I have already had a serious meeting with Universal Ford to iron out the details.*

*This will be a Club effort and everyone is welcomed and encouraged to participate in the preparations on the day of the show activities. So plan ahead because its just around the corner.*

*Show date is September 21, 1991.*

*Mystery speaker for June?*

*Monte*

#### **RADIATOR UPDATE**

I was incorrect on 1964-1/2 Mustang radiators. The top of the radiator had FOMOCO stamped on it. It did not have a date code as I had thought. Thanks to Carroll Lipscombe on this bit of trivia.

Happy Cruisin...Rick

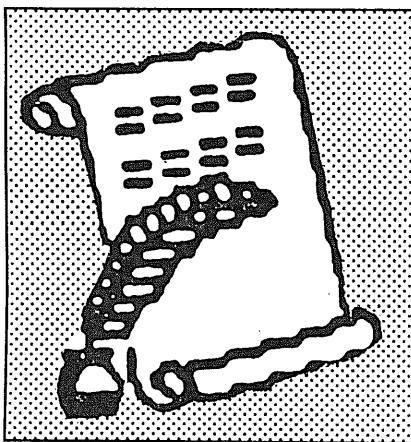

### **DOOR PRIZES & REFRESHMENTS**

The door prizes for our June meeting will either keep you "cool" or they will keep you "dry". To keep you "cool" there will be a copy of "Fearsome Fords 1959 - 1973", another book from Monte's list. To keep you "dry" there will be some hats and a Ford Motorsports Mustang umbrella. Expect some "cool" and "dry" surprises as well.

To keep you "cool" refreshment-wise, there will be Coke and Pepsi products, along with Dr. Pepper and Mountain Dew. I have not had any special requests lately, so don't hesitate to tell me which drinks you like or don't like. Meanwhile - - "stay cool, stay dry".

## MAY 8, 1991 MINUTES

The May 1st meeting of the Central Virginia Mustang Club was called to order at 7:30 p.m. by Monte Evans, President.

Monte explained that due to Cheryl Kean's absence there will not be a Treasurer's report tonight.

Everyone was welcomed to our meeting and all visitors and new members were acknowledged. 40 were counted in attendance.

Articles entitled "Defensive Drivers Play Defense" were passed out to everyone to be read later.

Technical advice time will be later this evening.

Carolyn Timms' usual good job on the Newsletter was acknowledged.

The Adopt-A-Highway clean up day scheduled for April 20th was postponed because of rain and will be Saturday, May 4th. Free pizza and soft drinks will be furnished for volunteers who will meet at 9:00 a.m. at the K-Mart parking lot on Midlothian Turnpike.

The last September race ticket was sold tonight.

For the "Tribute to our Troops" festival June 1st at Byrd Park we will need 12 cars and we

have been requested to have a variety of cars.

Monte acknowledged everyone having May birthdays.

Cruise night will be Saturday, May 4th at Bill's BBQ on Midlothian Turnpike.

Kenny reminded everyone of the Virginia Car Lovers Show at the State Fairgrounds, May 31st, June 1-2nd. All Ford Day, Saturday, July 13th at ACCA Temple Activities Center, 1712 Bellevue Avenue, Richmond. May 19th the Capital Shelby Club will host 3rd Annual All Ford Meet at Jerry's Ford, Rt. 236, Annadale, VA. Also, the Roanoke Mustang Show, May 4 at Magic City Ford in Roanoke, VA.

Anyone interested in Club merchandise should see Nellie at break.

Kevin Kean announced we currently have 68 members.

Nascar: Donna has a lot of stuff for everyone tonight, including 25 gift certificates from Dallas Mustang catalog, hats and banners, Fel-Pro is the major sponsor tonight. Also from Valvoline we have tips on recycled paper and oil.

Carroll Lipscombe reminded members of the March Against Crime Parade, Saturday, May 11th, which leaves Chimborazo Park at 11:00 a.m. Anyone interested in attending should contact him.

The Azalea Festival parade had only 5 cars attending, Kenny, Kevin, Monte, Carroll, and Bob Lackman. Still, they received the 1st place trophy. Cheryl and Nellie carried the Club banner and Kendall Kean rode "shotgun" with her Dad. Congratulations are in or-

der.

Monte announced the Board of Directors will meet before our next meeting to discuss our car show at Universal Ford and to set a date. Also, it was felt a rain date should be considered.

Barbara Evans has hats and banners, gift certificates for Braves games the trivia book Monte uses and a surprise for the raffle tonight. She also has drinks.

Our bowling date has been canceled because of a lack of lanes. A new date will be set. Possibly a Saturday in June was felt would be good.

Monte says a date will be set in June or July for a golf date. Anyone who is interested should contact him.

Technical Time: All technical advisors are present tonight and a question and answer session followed break.

The "Defensive Driving" article was read aloud by different members and was very enlightening.

Everyone was reminded by Monte of the Adopt-A-Highway project on Saturday, May 4th, 9:00 a.m. at K-Mart on Midlothian.

Our next meeting is June 5th.

After a quick drawing, for the Book, surprise, Braves certificates, etc. the meeting was adjourned at 9:00 p.m.

Respectfully submitted,  
Billie Jarvis, Secretary

*The day will come when my body will lie upon a white sheet neatly tucked under four corners of a mattress located in a hospital busily occupied with the living and dying. At a certain moment a doctor will determine that my brain has ceased to function and that for all intents and purposes my life has stopped.*

*When that happens, do not attempt to instill artificial life into my body by the means of a machine. And don't call this my deathbed. Let it be called the Bed of Life, and let my body be taken from it to help others lead fuller lives.*

*Give my sight to the man who has never seen a sunrise, a baby's face or love in the eyes of a woman. Give my heart to a person whose own heart has caused nothing but endless days of pain. Give my blood to the teenager who was pulled from the wreckage of his car, so that he might live to see his grandchildren play. Give my bones, every muscle, every fiber and nerve in my body and find a way to make a crippled child walk.*

*Explore every corner of my brain. Take my cells if necessary, and let them grow so that someday a speechless boy will shout at the crack of a bat and a deaf girl will hear the sound of rain against her window.*

*Burn what is left of me and scatter the ashes to the winds to help the flowers grow.*

*If you must bury something, let it be my faults, my weaknesses and all prejudice against my fellow man.*

*Give my sins to the devil, my soul to God.*

*If by chance you wish to remember me, do it by a kind deed or word to someone who needs you. If you do all I have asked I will live forever.*

## WORD SEARCH ANSWER

The missing letters should spell out : "THE GALLOPING GAZETTE PUZZLE"

## WINSTON CUP SPOTLIGHT - CHAD LITTLE

*Chad Little is the young driver of the Fast Fever Racing team's Ford Thunderbird sponsored by Bull's Eye BBQ sauce and Tyson Chicken.*

*Chad started his career in racing at an early age selling programs and hot dogs at his father's track. At the age of 15 he started racing in a "claimer" division in Spokane, Washington.*

*In the claimer division, you "claimed" a car when you paid the owner \$499.00. If you brought the car back the following weekend, you got \$200.00 back.*

*Chad raised money for his early racing ventures by going door-to-door asking for sponsorship money. He always seemed to collect enough to go racing.*

*After the claimer division, Chad raced Street Stocks and the NASCAR Northwest Tour. However, most of Chad's success has come in the NASCAR West Series.*

*Chad's first West Series win came in 1986 at Evergreen Speedway where he outran Bill Elliott. In 1986 Chad received "Rookie of the Year" honors in the Winston West Series.*

*In 1987, Chad won two races and never finished below third place. Needless to say, in 1987 Chad Little was the Winston West Champion.*

*In 1988, Chad teamed with long time car owner, Junie Dunlavay to race on the Winston Cup Circuit. With lack of sponsorship money, Chad only competed in 4 races.*

*In 1989-90 he has ran a limited schedule. 1991 will be Chad's first attempt to run a full season on the Winston Cup Circuit. He recently qualified sixth to give the team their highest qualifying effort yet.*

*On a personal note, Chad is one of the few single drivers on the Winston Cup Circuit. He graduated from Washington State University in 1985 with a degree in Marketing. Chad continued his education and has earned a law degree.*

*Look for this bright young man to land in Victory Lane many times in his upcoming career.*

## NOTES FROM DONNA...

*If you came to last month's meeting you brought home one of our best sponsor packages yet.*

*May's package was chock full of many different items. I would like to thank Fel-Pro Gaskets for their donation. Fel-Pro donated three different catalogs, gasket installation manual and torque tables for each member present. Fel-Pro Gasket also supplied stickers and gasket-shaped paper clips. In addition, Fel-Pro sent hats and banners that were given as door prizes.*

*Also included in last month's package were Team Valvoline postcards and stickers, Kodiak racing and Winston race schedules. All these items were donated to our Club. The Central Virginia Mustang Club enjoys the support these fine organizations give our Club. If you were not at the May meeting, see me at the June meeting for extras, while they last.*

*June's sponsor package will be another good one. I haven't picked the items to be distributed yet, but it will have many interesting items. Hope to see you at the June meeting.*

*Donna Seay,  
Motorsport Director*

The following poem was submitted by Billie Jarvis, and I thought it was appropriate for the June newsletter in honor of Father's Day, June 16th.

### OLD CAR NUT

*Most dads are seen  
mowing grass  
or trying to improve  
their putt.  
But, our dear dad alas,  
is an old car nut.*

*He spends  
every daylight hour  
with his  
black and shiny  
clunkers,  
giving them another  
shower  
and polishing  
the bumpers.*

*All day his head's  
beneath the hood,  
with engines he is smitten.*

*He says  
it's not running good,  
but  
it's purring like a kitten.*

*Just when we think  
we have him back,  
all evening he does spend  
Between the pages of  
Road & Track,  
Old Cars,  
and Motor Trend.*

### SVO 351W POISED FOR RELEASE

We've been hearing rumors of a 351W-based performance motor for months and now it's ready for sale. Developed as Ford's answer to Chevy's High Output 5.7L small-block, this engine will come complete, including distributor, but less carb and exhaust manifolds. The package is based on the two-bolt main 351W marine block, cast-iron crank, and hypereutectic aluminum pistons.

The Motorsport aluminum M-6049-J302 heads will be equipped with roller rocker arms, and a flat-tappet hydraulic cam will be used, although specs are being finalized. A double roller timing chain will also be installed. Under consideration is offering the engine with a choice of a single or dual-plane aluminum intake manifold.

According to one SVO insider, power is expected to be 375 horses. No torque figure was available, but apparently, the goal is to "beat Chevy." Price is to be announced and the engine will be available from all Motorsport parts dealers.
