President's Perspective

Welcome Members,

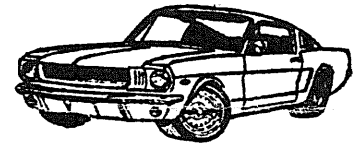

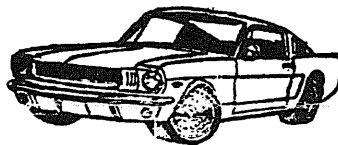

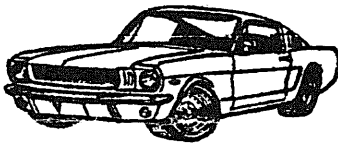

First of all I would like to thank Carroll for getting some cars for the Azalea Parade. We had a good time, all of the ponies made it without any trouble.

I attended the Car Club Council of Central Virginia the other night. We discussed things like the legislature. They were going to check the counties to see what they say about parked cars, stored cars, and dead beat cars. We also talked a little bit about activities - It is getting harder to find places and places large enough to handle the cars. It was brought up about all of the car clubs getting together and putting a big show. and each club would be responsible for their own trophies to be awarded. They were the things passed around. We will find out in details next meeting. I wanted to share that with everybody.

We will have our flyers for the next meeting to start generating around.

See You All Wednesday Night,

Kenny Fischer, President

Rick's Tips

Sumit Point, W Va.

Sumit Point in West Va. host 2-4 Vintage race cars a year. This year I was able to attend the SVRA (Sportcar Vintage Race Association) Race.

Sumit Point is four hours from Richmond up near Winchester. It is best to stay in Winchester and drive the 30 to 40 minutes to the raceway. Also try to be at the track at 7:00 am for practice sessions. A lot of cars that practice do not make the qualifying heats I believe that the practice and qualifying runs are drawn so it is hard to tell who runs when. I arrived at the track at 9:00am in time to watch the last five laps of Group 5 which included an A.C. Cobra.

Those of you who go and take wives or girl friends better be aware of a couple of things. The first thing my wife complained of was the noise level. Everybody runs open exhaust and even though I love the sound of a well tuned 289 Ford race motor, my wife started to complain at the start. Another problem is the smell of racing gasoline. It smells like rotten cabbage. This smell is every where. Add the constant commentary over the loud speaker which I thoroughly enjoyed, mixed with 10 to 15 cars at wide open throttle with open exhaust and the smell of racing fuel and you have the ingredients of a loud smelly place. I knew my wife had enough as the loud speaker was explaining why the Jaguars were no match for the Shelby's when, She yelled at the loud speaker to "shut up"
