***1990 Saleen Mustang  
Legendary Performance In A  
Modern Classic***

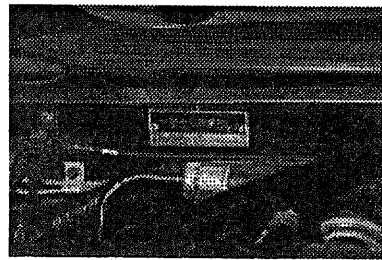

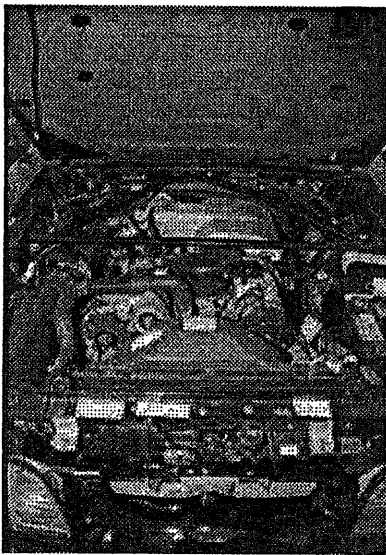

***By Jim Smart  
Photography: Tom Rounds***

*It's impossible to believe that the older Saleen Mustangs are entering the ranks of classics, but consider this: The '79-'93 Mustangs are now where the '65-'73 Mustangs were in the '80s. They are older cars with a committed following. It used to be you could pick up an old Shelby Mustang for two grand, but that probably won't happen with an old Saleen. These limited-production, high-performance rides have held their value even better than a vintage Shelby did at the same age. Shelby Mustangs, of course, have surpassed Saleens in value, if for no other reason than age and availability, but they aren't as plentiful today as they were in the '70s.*

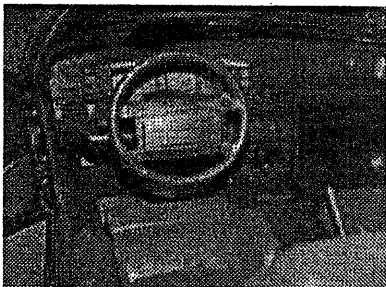

*This is a '90 Saleen Mustang convertible decked out in black with striking gold appointments. At the tender age of 10, this gem is a rolling time capsule that offers a glimpse of life as it was in 1990. Drop the top to a factory light bar, bucket seats, abundant leather, and awesome entertainment. Carol Peters understands what it's like to saddle up with a Saleen. There's the deep, throaty roar of 5.0L H.O. power with some Saleen warm-up tricks in store. Grab the five-speed shifter and get with the program. Roar through first. Blast through second. Head for cruising altitude in third and fourth. Lie back and cruise in fifth down the super slab. Attack a canyon road with passion. Grind away at the asphalt with a super-sticky set of Bridgestone Potenzas. Whirl the rubber about the place with color-keyed American five-spokes. This is definitely about reliving more modern memories in the abundant '90s.*

*Carol snapped up this convertible in 1997 from the original owner in Richland, Washington. At the time, it was in show condition with low mileage. The original factory options included radar detection, sub frame connectors, a light bar, an alarm system, and attitude. Super-low 3.55 Traction-Lok rearend gears give the 5.0L five-speed combo added thrust from a standstill, enabling fast starts and economical cruising.*

## ***A View From The Inside... SVT***

*By Dave Dempster  
SVT/Engineering*

*What may surprise the vintage Mustang following is Carol's decision to sell both a '68 Mustang GT convertible and a '69 Mach 1 to finance the Saleen purchase. All in all, it was not a bad deal. Carol gained a rock-and-roll ride in this mean Saleen.*

*This feature will be returning next month.*

## *The NCRMC Show in Fredricksburg, Va. September 28, 2002*

*By Tony Hall*

*The National Capital Region  
Mustang Club (NCRMC) put on their Fall  
Show Saturday, September 28, 2002.*

*You couldn't have asked for a better day to have a car show. It was bright and sunny and very few clouds in the sky (I know a few participants that were glad of that).*

*You couldn't beat the quality of the Mustangs present at the show. The Delmarva Cougar Club attended the show also along with many excellent FOMOCO cars.*

*Many Mustang Clubs were represented at the show. A few from our area were the Central Virginia Mustang Club, Victory 7 and the Tri-Cities Mustang Club.*

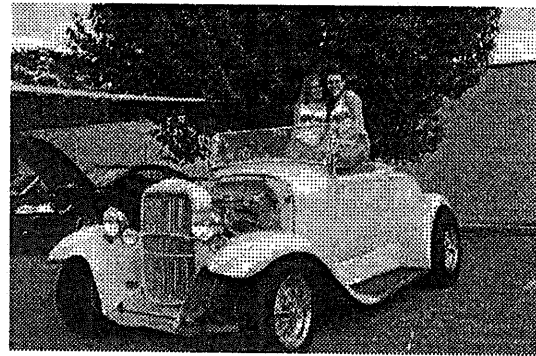

*CVMC did rather well at the show. All of our members who attended won an Award. They are...*

*Kim McDaniel - 1<sup>st</sup>

## *Hooter's Cruise In*

*By Tony Hall*

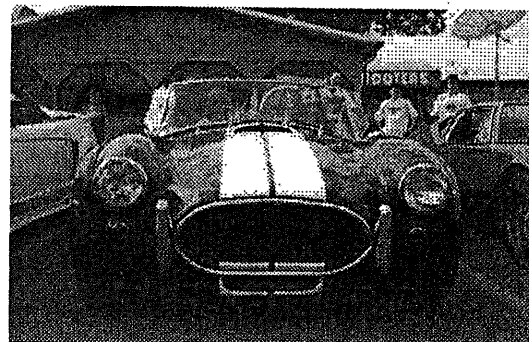

*On September 21<sup>st</sup> CVMC sponsored our first Cruise In at Hooter's on West Broad Street.*

*The Cruise In was open to EVERYONE! Even those pesky Bow Tie Guys.*

*It was a great day to have a Cruise In. There were a few clouds in the afternoon but, it never did get too hot (except for those wings).*

*I think we had a little over 40 very fine Automobiles show up through out the day.*

*For those of you who didn't make it.  
Well you should have been there. It was a  
lot of fun.*

## **19<sup>th</sup> Annual CVMC Car Show Update**

*By Tony Hall*

*You may have heard by now that  
CVMC may not have our show at the  
Trigon Lot next year. For those of you  
who don't know Trigon has been sold to a  
company from Indiana. We are still not  
sure if the new company will allow CVMC  
to use their lot next year.*

*CVMC hopes that we can work out  
arrangements with the new owners. I  
would like to say that Trigon has been  
great to CVMC over the years. I hope  
that we can come together again in the  
future.*

*CVMC has at least three options  
for next years show. I hope to have an  
announcement at the next meeting about  
the location of the 2003 Show. Rest  
assured that the possible new location will  
be in a High Traffic Area or will have a  
very High Profile.*

*So stay tuned to the....  
Same CVMC Channel  
For further updates!*

## ***Rick's Tip's***

*By Rick Nohta*

### *1964 to 1970 Door Sill Plate Moldings*

*The doorsill plates are the three-  
foot long moldings that are on the door  
jam. Your feet can scrape these instead  
of the paint when you get in and out of  
your car. They have a Ford Logo in the  
middle.*

*Ford went obsolete on almost all  
parts including sill plates by the year  
2000. The only sill plates available were  
Taiwan reproductions that in appearance  
looked good but in strength and fit were  
very poor. The new plates when installed  
would bend when the screws were  
tightened down. The actual shape of the  
plates was off. They usually had to be*

shaped (hit with a hammer) to clear the doors.

With both of the attaching screws distorting the aluminum and the hammer marks on both ends fit and finish suffered terribly. Even after installation the door bottoms would still scrape the plates.

Convex Mfg. Co. emerged a couple of years ago. They used a stronger and thicker piece of aluminum. Fit was improved but still not as good as the originals.

The prices of the reproductions run between \$16.00 to \$19.00. The originals are still around and are usually priced between \$48.00 to \$90.00.

I contacted Ford to see which sill plates were still available. The 1969 & 1970 sill plates can still be ordered. I have located a couple of sets of 1964 to 1968 sill plates if anyone needs a set.

If you have any questions please feel free to call me at 321-5383 during the day.

Happy Cruising!  
Rick

## **Central Virginia Mustang Club**

### **Minutes of Meeting, October 2, 2002 By Brenda Jones**

President Tony Hall called the meeting to order at 7:30 p.m. President Tony asked if we had any visitors. We had 2. Tony then told of two parades that he knew were coming up. The Harvest Parade is going to be October 12, Ashland Christmas Parade will be November 24, at 2p.m.

Karen was out sick so the Secretary gave the financial report. We had a beginning balance of \$2887.63. Our income was broken down as follows: Registration \$2980.00, Sponsorship \$975.00, Raffle \$193.00, Membership \$275.00, 50/50 \$200.00, Envelopes \$17.00. Total income was \$4640.00. Our expenses were as follows: Trophies, \$2681.47, Friday Cheers /Dinner \$506.45, Printing \$204.97, Rescue Squad \$100.00, Children's Hospital \$100.00, Sound System \$72.11, Trash Boxes

\$40.00, Autumn Parade \$50.00, Florist (Hall) \$50.98, Victory 7 Club \$50.00, Phone bill \$27.88. This gave us an ending balance of \$3643.77. This was our best car show in the history of the club.

Tony gave us a report on the upcoming car shows, Oct. 5 Fredricksburg see newsletter or website for the rest. Auto Crosses are October 13 at Cloverleaf Mall and October 26 at Southside Speedway.

We had a directors meeting on September 29, 2002. We will be having elections on December 4. We set up the next directors meeting to be held on Jan. 5, 2003. The Christmas party will be held on December 14th, 2002 at The Vinings from 5-10 p.m. We will have a trash pick up on October 26. We will meet at the old Kmart on Midlothian Turnpike and then go to the Pizza hut afterwards. We will meet at 9:30 and ride out to the site of the pickup.

Tony has pictures of the car show on the website and they are also in the newsletter. Tony has received feedback from SVT. It was all positive. Everybody was real happy with the show. We had 8 Ford Panteras at the show. Ned Byne gave a report on the show and the Panteras Club's participation. We had 192 cars at the show. Ned said that with us having 8 Panteras, that it was the most he had ever seen at one time. Tony said that Rick's Tips has reappeared in the newsletter. He needs articles, if any members have anything that they wish to contribute.

Fred Fann gave a talk on the Forum that is coming up at the end of the month. The Car Club Council is having a forum with representatives from the state government and general assembly. He asked 19 but has only heard from 6 that will definitely be there. He needs a packed house for this. This house bill that they are trying to get passed can affect us in our hobby of the classic and antique cars. Antique cars are exempt from personal property tax and you only pay

registration one time. The Forum will be October 28th at 7:30 p.m. It will be held at the Bensley Community Building at 2900 Drewry's Bluff Road, Chesterfield, VA.

Emissions are the other topic we need to be concerned with. A remote emissions bill was passed this past session. The bill got passed before they had done the field tests. Northern VA has the testing. Delegate May had put in the bill that the testing would go back to 1968. If you can't afford the repairs, the state will pay up to \$425.00. It is an expensive program but we need to fight it to keep it out of the Richmond area. Inoperative cars -- New Hampshire passed a bill where you can keep 5 unregistered cars in your yard out of sight. We have to worry about the scrap people who are making money from the junk cars. Petersburg has an impound lot. If they get word that you have an inoperative car on your property, they can come and retrieve it if it has an expired inspection sticker and dead tags. It will cost \$100.00 a day to get it out. Fred said it was really important for us to attend the forum and let the general assembly know our feelings on this bill.

BREAK

Paul gave us a report on the Blood Services from the show. We didn't quite get the 30 pints that they were shooting for. Kim McDaniel and Cynthia Brown brought up about having nice nametags. Cynthia is going to research it out. They said that the person who did our trophies this year also does t-shirts, nametags, polo shirts and hats. Rusty told us about the VA Capital Police Assoc. having a dance on October 18th. The dance will be with the theme of the 50's 60's. If we bring our cars we will receive two free admissions to the dance. There will be contests for the best costume for the eras and also the club will receive portions of the proceeds. More information will be

available to the website. Jimmy Clements won the 50/50 drawing of \$20.00. Tony talked about the Fairfax show and told us that we had several winners in the club. Tony adjourned the meeting at 8:55 p.m.
