Richmond, Virginia

It is always a blast! Be sure to be there! Here's Tire Smoke in your eyes!

**By Tony Hall**

**Ashland Christmas Parade!** CVMC had a great turnout for the Ashland Christmas Parade this year. We had 19 Mustangs in the parade 18 CVMC Mustangs and 1 stray!

We had a real good assortment of Mustangs and you could not have asked for a better day for a parade! As all ways Ashland came out in force to see the parade!

After it was over with we went to Texas Roadhouse at Virginia Center Commons and stuffed our faces. Oh yeah ask Kim McDaniel about the peanuts!

We all had a great time and look forward to doing this again next year.

**By Tony Hall**

**A Vintage Birthday Surprise!** CVMC Member and Chesterfield County Administrator Lane Ramsey had a big birthday surprise last June when his wife, daughter and a friend took him on a trip to Elkhart Lake, Wisconsin, for a Road America racing event.

While at the event Lane got to meet the man who is responsible for his beloved 1969 Shelby Mustang. Yes, we are talking about Carroll Shelby himself. When Lane met him he gave Mr. Shelby a check in the amount of \$600.00 for the "Carroll Shelby Children's Foundation". His friends and family pitched in by donating a portion of the \$600.00.

Lane said it was the biggest surprise he has ever had for his birthday. Lane from CVMC happy late birthday and we are glad you got to meet Mr. Shelby!

**By Tony Hall**

**Chester Christmas Parade!** On December 11, 2005 CVMC will be participating in the "Chester Kiwanis Christmas Parade"

CVMC had a great turnout last year and we hope we will have another great turnout this year!

**TCMC Toy Run for Children's Hospital!** On December 10<sup>th</sup> at 10:00am they will be meeting in front of the Starbucks at Willow Lawn.

At 10:30am they will be leaving to go to the Children's Hospital. I would love to see a Huge CVMC Turnout for this worthy cause.

There are two things you need to bring.

1. A toy (don't forget the older kids).
2. A Mustang!

See you there!

**By Tony Hall**

**2006 Membership Drive!** Yes folks it is that time again. Time to renew your membership for another great year with CVMC!

Membership Dues are just \$25.00 for a whole year. You don't want to miss the Car Show's, Cruise In's, Parade's and all around good fun!

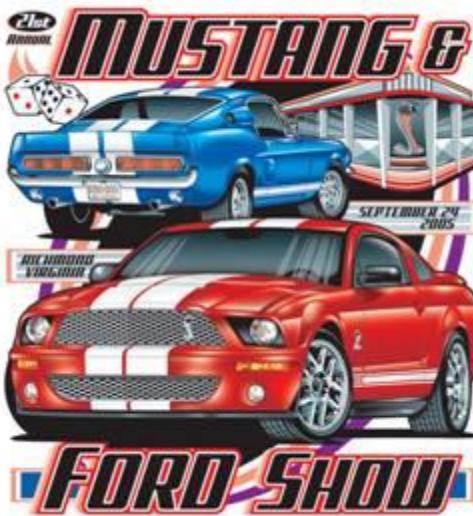

You can pay your dues at our Monthly Meetings or you can mail it to the address below.

## NEWS FROM THE BLUE OVAL

### **BILL FORD: THROUGH INNOVATION, AMERICA CAN ADDRESS MANUFACTURING, ENERGY CHALLENGES**

Unveils six broad initiatives to secure America's energy and manufacturing future Challenges industry and government to respond to 'economic challenges of our time'

**WASHINGTON, DC, Nov. 22, 2005,** In a speech before the Business Roundtable, Ford Chairman and Chief Executive Officer Bill Ford talked about the energy and manufacturing challenges facing our country and how industry and government can overcome them by investing again in American innovation.

"Now, more than ever, with the competitive pressures of globalization, America needs to respond to the economic challenges of our time," said Ford. "This is not the moment to stop investing and concede our competitive edge in vital parts of the economy. Just the opposite, we must take the lead and show the world that there is only one, true innovative manufacturing giant. And it has three distinct initials: U.S.A."

He said that other countries have made manufacturing important enough to make it a national priority and called upon the US to do the same. "It ultimately means more jobs, more tax revenue, and a position of strength and leadership in the world."

The Ford CEO outlined six cooperative measures between industry and government that America can take in the short term that will "bear fruit for years to come." The six measures include:

1. Urging Congress to invest in America and dramatically increase the R&D tax credit to more directly support companies working on advanced vehicles, components, and fuel technologies.
2. Challenging Congress to consider tax incentives to help American manufacturers convert existing -- but outmoded plants -- into high-tech facilities.
3. Calling for investment in the American workers who build the advanced technology products with training programs and incentives to upgrade worker skills, helping us move into the future while preserving American jobs.
4. Pushing governments at all levels by 2010 to consider buying only hybrids or other alternatively fueled vehicles.
5. Expanding the infrastructure for ethanol fuels -- so we can go from hundreds of fuel stations to thousands.
6. Convening a group of automakers, suppliers, fuel providers and government agencies to address America's energy challenges.

"I believe that with the right investments, America - and the American manufacturing sector - can win. It can maintain its leadership stature in the world. And we can reduce our dependence on foreign oil. All at the same time. But we can't get there alone."

Ford said it is difficult to conceive of any issue that touches more of our lives than energy. "It drives our mobility, our appliances and our choices about how far we can live from our jobs. It affects our environment, our national security and our household budgets. And when the price of gas goes up to \$3 a gallon, as it did just a few months ago, all Americans feel it in their pocketbooks. And from where I sit, as Chairman of Ford Motor

Company, it affects the decisions I make every day."

Ford noted that when he became CEO in 2001, he made a conscious decision to invest in new products that were more fuel efficient. "I believed back then that the days of cheap gasoline were numbered. That led to the creation of the world's first hybrid-electric SUV, the Ford Escape, and inspired our decision to build up to 250,000 hybrids a year by 2010."

He reminded the Business Roundtable audience that despite recent industry challenges, domestic auto manufacturers are still the foundation of the auto industry in this country. "We still employ nearly 90% of the workers in our industry. And since 1980, we've made more than 85% of the total investments in the U.S. auto industry -- \$175 billion."

Ford Motor Company, a global automotive industry leader based in Dearborn, Mich., manufactures and distributes automobiles in 200 markets across six continents. With nearly 324,000 employees and 110 plants worldwide, the company's core and affiliated automotive brands include Aston Martin, Ford, Jaguar, Land Rover, Lincoln, Mazda, Mercury and Volvo. Its automotive-related services include Ford Motor Credit Company and Hertz. For more information regarding Ford's products, please visit [www.fordvehicles.com](http://www.fordvehicles.com)

### Virginia MCA License Plate

Ok folks, here is the deal. I talked to Suzanne Beels who was in charge of this effort to get a MCA Plate in Virginia.

The effort fell short by about 100 orders. The Roanoke Valley Mustang Club has been debating weather to give it another try this coming year. It appears that they **WILL NOT** be trying again.

Suzanne said that she will be mailing all of the checks back in a couple of weeks. If you have not received your check in about 2 to 3 weeks I suggest that you call her at the phone number listed below.

Suzanne Beels

It is too bad this effort did not make it. Maybe one day.

## NEWS FROM THE CCCCVA

By Fred Fann

I hope you saw some of the exchanges between the big oil executives and members of Congress. It might surprise you that big oil execs got hauled before Congress. It's a well known fact that oil companies and their employees have given millions to members of Congress for campaigns and via lobbyists. But the Republican leadership had to call them before Congress because their polling numbers were very low due to the rapid rise in gasoline prices (and profits) at the time of hurricane Katrina. ExxonMobil announced \$9.9 billion in third quarter profits - a US record for corporations. And the top four big oil companies are expected to make over \$100 billion in profits for 2005.

Having \$2.6 billion in tax breaks for big oil in the recent energy bill didn't help. Letting big oil use federal land - including military bases - to build refineries in another bill didn't help either. But recently Congress has turned its back on big oil as the House voted no to drilling in the Arctic Wildlife Refuge.

The big oil execs even refused to testify under oath at the hearing. And they evaded answering the tough questions. They also refused to use even a fraction of their record profits to help poor people with heating this winter. Many think that because of the rise in heating oil products that the poor will have a hard time keeping warm this winter.

The American people don't really like big oil. In fact most believe that after Katrina that big oil gouged the prices at the pumps to make more money. Most Americans favor some type of windfall profit tax on big oil. There are (at this writing) eight pieces of legislation in Congress to further tax oil profits or to control in some way oil prices and profits.

This is despite big oil spending millions in Congress that helped them reap profits in the billions. If there was such a severe shortage of gasoline after Katrina that the price had to go up then why do the oil company profits go up by an even larger margin? It was a question the execs avoided.

There is also legislation not only in Congress but in state houses to allow off-shore drilling especially for natural gas. This is in response to the big increase in natural gas prices.

No doubt you have seen the big decrease in gasoline prices lately - and this is despite the fact that not all refineries are up and running. Do you think that the recent Congressional hearings with the big oil execs and the public turning against big oil's huge profits had anything to do with the fall in gas prices?

Citizens are now (finally) getting fed up with some of the stuff going on in Congress and they are letting their representatives know. One town actually offered to give up a pork barrel transportation project if the money would go to help Hurricane Katrina victims. And now the famous \$230 million dollar bridge in Alaska that would go to an island of 50 people (only \$4.6 million per person) has been canned. They also cut another \$229 million for a bridge that would have been named after Representative Don Young of Alaska. Alaska will keep the funds but they will actually be used for needed projects. Are the people getting their government back?

## DAVE'S MUSTANG TRIVIA

By David Lythgoe

1. What were the prices for the 1967 Mustang?
2. What were the colors of the convertible top in 1967?
3. How many Shelby Mustangs were made in 1967?

## RICK'S TIP'S

### Winterize Time!

Gas can go bad! When it does it will become thick and gooey similar to Molasses. It can also dry and become solid similar to a yellow varnish. The only way to remove gas when it has solidified is to soak it in a strong acid or replace the parts where the gas has dried. In other words if it dries then the tank, tank sender, fuel lines and carburetor may need to be replaced. Carburetors are almost certainly ruined.

To prevent this a product called Stabill can be added to the gas tank and will keep the gas in the tank, lines and carburetor good for a couple of months. I personally like to run my cars at least once a month replacing the Stabill each time after they are run.

You can find Stabill at Home Depot in the small engine section.

If you have any questions please feel free to call me during the day at 804-321-5383.

Happy Cruising  
Rick

## **CENTRAL VIRGINIA MUSTANG CLUB**

**Minutes of Meeting,  
November 2, 2005  
By Brenda Jones**

Tony called the meeting to order at 7:30 p.m. He asked if we had any visitors. We had 2. They were G. B. Parker - 67 Coupe, Doug Smith - 02 Mustang.

Karen gave the Treasurer's report. Carroll Lipscombe made the motion to accept the report, George Bobrovsky seconded. The motion was passed unanimously.

Llew Stakes gave his parade report on the upcoming parades for the holiday season.

Ashland Christmas Parade - November 20<sup>th</sup> - 2:30 p.m. We will meet at the Southern States property on Hanover Avenue in Ashland at 1:30.

Mechanicsville Parade - December 12<sup>th</sup> - 3:00 p.m. We will line up at 2:00 at the elementary school.

Chester Parade - December 11<sup>th</sup> - 2:00 p.m. We will meet at 1:00 at the Funeral Home parking lot.

Tony talked about the Quinton Fire Department display. There were 15 mustangs at the display.

Our Cruise to Luray was a good time- We weren't able to come back by way of Skyline Drive because of the clouds. We left from Red Robin Restaurant at 8:30 a.m. and went up to Luray by way of Route 33. We had 13 mustangs, 1 SVT lightning, 1 Lincoln and 1 Durango. We enjoyed the caverns and the car museum. Only 5 of the group came back to Richmond by the interstate. We ate at TGI Fridays when we got back at around 5:30p.m.

Tony told us that Mark Bowen from Virginia Center Commons and the Simon Foundation has said that they would love for us to come back there for our show next year. The date will be September 23<sup>rd</sup> with a rain date of October 8<sup>th</sup>.

Elections will be held at the meeting on December 7<sup>th</sup>. Tony said that if you are not going to be able to come to the next meeting, to fill out the ballot and mail it to the post office box so it can be counted. Tony asked the candidates to stand and introduce themselves.

President - Gordon Martin

Vice President - George Bobrovsky Treasurer - Ron Martin

Secretary - Renee Bennett, Stephanie Sweptson, Laurie Ford

National MCA Director - Dave Dickey

Directors - Billy McDaniel, Peter Marshall, Bob Overbey, Llew Stakes, George Cosier, Kathy McWilliams, Bill McCauley, Glen Ford, Sharon Burke, Janet Armstrong

The Club will be having their Christmas party on December 3<sup>rd</sup>, 2005 at Hill City Chophouse at Virginia Center Commons. The party will start at 8:00p.m. The cost will be \$20.00 a person with the club paying \$10.00 a person. We will have a box for the Toys for Tots. Please bring a new unwrapped toy and put it in the box so they can be delivered to a child who might not otherwise have a bright Christmas. The sign up sheet for the party will be put out tonight. There is a limit of 50 people for the room. Contact Brenda Jones as to who is coming and how many. Her phone numbers are as follows: 3r53-3919 (w), 740-2096 (h) and 387-1837 (cell). Menu choices will be forthcoming.

Tony said at the last visit to G Force Go Karts, we only had 3 people to show. The next visit will be November 19<sup>th</sup>.

Tony told the membership about the Director's meeting. We voted on several items. We mainly discussed the show. Tony brought up several ideas that we discussed at the meeting. First item is about the possibility of having a top 30 show in April at Virginia Center Commons. This would be participant's choice. There will not be any pre-registered. Participants will pay day of show. Date of show will be April 1<sup>st</sup> with a rain date of April 8<sup>th</sup>. Show will be open to everything, not just mustangs and fords. Gordon Martin made a motion to accept the idea for a show and Rick Jones seconded. Motion passed unanimously.

Board of Directors also discussed the possibility of having a MCA National Show here. This will be 2-3 years out. The closest date would be 2008 for us to consider. If we wait, then we would be getting into 2009-2010 before we can be considered. The club would be in charge of registration and parking, banquet of some type, and awards. MCA would be in charge of judging. We would still need judges from the club. This would be a 3 day event. Andy Phaup made a motion to look into the possibility of having a show. Rick Jones seconded. The motion passed with a show of hands. Judy Dickey suggested we put a committee together to do the leg work necessary to put together a national show. A sign up sheet was put out.

Tony had George Bobrovsky bring up a fundraising idea that Mark Bowen of Virginia Center Commons has suggested to him. We would get a block of tickets to sell for 1 day to come into the mall after hours. We would sell these tickets for \$10.00 each. We would be keeping \$7.00 from the sale of each ticket and the Simon Foundation would get \$3.00. The mall would be closed to the public for this event. The date is Sunday, November 20<sup>th</sup>. There will be special sales, a silent auction, door prizes and other activities going on. A sign up sheet was put out for people who wanted to take some tickets to sell.

Judy Weidman said that she has a new hat style and also has jackets for us to choose from. She also has a Christmas ornament with CVMC etched on it. Cost of the ornament by itself is \$8.50. The stand is \$2.25. Total cost of ornament and stand would be \$10.75. She is taking orders.

## BREAK

Gordon Martin said that he has gotten the information from the Asphalt Angels Club. Their show is scheduled for February 10, 11 and 12<sup>th</sup>. They will need a picture of your car. We are scheduled for 10 cars. Please let Gordon know if you would like to put your car in.

Kathy McWilliams said that she has heard from the Memorial Day parade folks in DC. They want us back this year. The Marines who rode with us last year want to ride again with us this year. She will have more details later.

The drawings were held and Glen Ford won the 50/50 of \$35.00. Glen is a new member to the club. It pays to come to the meetings. We now have 185 members. We had 56 in attendance tonight.

## NEW MEMBER'S

Richard Allen, Steve Chapman, Frank Herbst

**Welcome!** We at CVMC hope you will be a member for many years. CVMC has 180 members signed up for 2005.
