**CVMC Cruise In At Paradise Road Speed And Custom Shop - April 23<sup>rd</sup>!** CVMC had a Cruise In at Paradise Road Speed & Custom Shop on Saturday April 23<sup>rd</sup>.

We had a good turnout considering the threatening weather. We had about 11 Mustangs show up. I would say about half of them were first timers.

I would like to thank Wes Wolf for having us at his shop. He gave us a tour of the facilities and it sure looked first rate.

I wish the weather cooperated better. I hope we will be able to have another cruise In at Paradise Road Speed & Custom Shop. I highly suggest that everyone try to make the next one.

**CVMC Member Steve Coleman Wins The 2005 Pony Drive Badge Contest!** Well, it was close by two votes. I want to thank everybody that voted for me. I was really shocked that I won, there were a lot of real nice badges that I was up against, I worked hard on the Great American Pony Drive Badge contest and it paid off. I took into consideration what I would have liked for a new Mustang emblem (badge) for the new 2005 Mustang it would have looked real nice on that special edition Pony.

Thanks To Ford Motor Co. we will not be getting one now. Who knows maybe Ford will wake up and see that Chevy lets their Corvette customers see their cars being built and maybe have the compassion to do it for their Mustang customers.

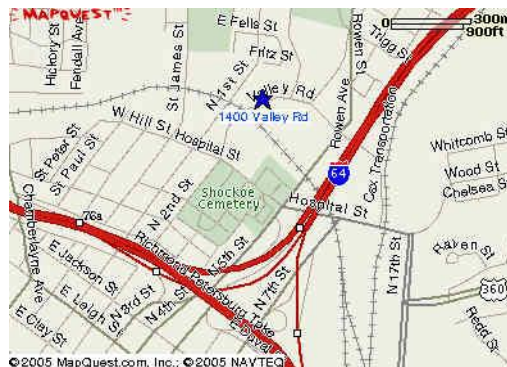

**By Steve Coleman**

Congrats Steve on a job well done!

**CVMC Judge's Clinic - May 8<sup>th</sup>!** CVMC had a great turnout for our first Judge's Clinic of the year held April 9<sup>th</sup>. CVMC had 10 members show up to get a good idea of how to Judge a Mustang MCA Style.

We had 2 Mustang's to use, a 1967 Mustang Sprint and a 2001 Mustang Bullitt.

CVMC will be having many Judge's Clinic's this year so be sure to come out and learn about judging a Mustang. Our next Judge's Clinic will be **May 8<sup>th</sup>** at Rick's Restoration's from 10:00am to 12:00pm. Rick's Restoration's is located at 1400 Valley Rd. The directions are as follows.

**CVMC Condolences!** On March 27, 2005, CVMC lost a long time member and a really great guy. His name was Alan Brough.

Many of you may remember him as a quiet guy with a mustache who always had a Mustang hat on and a smile on his face. He also loved his pipe. Alan was a member of CVMC for 20 years.

CVMC extends our deepest condolences to Alan's wife, Kay Brough and the Brough family. We will miss Alan very much.

**Virginia MCA License Plate!** The Roanoke Valley Mustang Club (RVMC) was able to get a Special License Plate passed in the Virginia General Assembly using the MCA Logo. The following is what was sent to me...

Great news!! The Virginia General Assembly has approved the MCA plate. The plate will have the Mustang Club of America logo and will say Mustang Club of America. It will probably look similar in layout to the Harley Owners Group plate; check the link below to see what it looks like.

<http://www.dmv.state.va.us/exec/vehicle/splates/info.asp?idnm=HOG>

You DO NOT have to be an MCA national member to participate in the plate (though, MCA membership is encouraged by our club). We now must have 350 pre-paid orders within 180 days (6 months) before the plates can be made. If we are unable to reach the 350 plates required, you will get your check back! Roanoke Valley Mustang Club as the sponsor must submit all forms throughout the state. We are limited to 6 characters for specialty plates. Please check out the Virginia DMV website below to see which 6-character combinations that you are interested in are available if you do not have already 6 characters or less. You can check your combos using any

specialized plate. The website will tell you if that combo is available or not. You can request up to three choices. Keep in mind it will be no problem to update your current vanity plate if you have 6 characters or less. You also do not need to personalize it, and can order just a standard MCA plate with a number on it.

[http://www.dmv.state.va.us/webdoc/citizen/vehicles/plate\\_search.asp](http://www.dmv.state.va.us/webdoc/citizen/vehicles/plate_search.asp)

Out-of-state members can participate by ordering what is called a souvenir plate. This plate is for display only and not for use on a motor vehicle. Only a single plate is issued. The form needed is VSA 10, available from the DMV website below.

<http://www.dmv.state.va.us/webdoc/pdf/vsa10.pdf>

You must specify on the form which type of plate you want, and where it says "check type of plate" indicate "other" and write in Mustang Club of America. Please mail your completed application and check to...

Hardy, VA 24101

## **NEWS FROM THE CCCCVA**

**By Fred Fann**

The polls for the president and especially the Congress are not good. The majority of the people don't like what either are doing. If the baseball steroid hearings, the Terri Schiavo case, high gas prices, Social Security reform and the other stuff Congress is involved with gets your blood pressure zooming then you should sit down and take a deep breath before reading further.

I'm sure you've heard of MTBE, the gasoline additive that is supposed to lower air pollution. MTBE is a byproduct of producing gasoline. A byproduct that the oil companies had no use for until they "discovered" that it would help oxygenate fuel and reduce air pollution. So the oil companies lobbied Congress and got MTBE in gasoline - a useless byproduct that they could now make lots of money by selling.

We all know that MTBE has a big problem. Unlike gasoline it mixes easily with water. MTBE has fouled the ground water in nearly every state. Boats burning gasoline with MTBE have put it in lakes, rivers, streams, ponds, etc. Some people can't drink their well water because of MTBE. Some communities have had their water supply spoiled by MTBE.

The House Majority Leader Tom DeLay is fighting hard to make sure the oil companies can never be sued or forced to pay for even one thin dime of the clean-up needed to get MTBE out of our water. Not only is he fighting to keep the oil companies from even helping with the MTBE clean-up but he has proposed that the oil companies be given \$1.75 billion to help phase out MTBE production by 2014.

This means that Congress went along with giving the oil companies a way to sell something useless (except that it has done an outstanding job of polluting water) and at a time when oil company profits are at a record level they don't want the oil companies to bear any of the clean-up costs and then they want to give them nearly two billion dollars because they have to stop production of this poison.

Put that on top of the fact that the lawsuits against the makers of MTBE state that the companies knew it would pollute our waters. Perhaps they thought that with the right influence in Congress they could duck any responsibility for the pollution. The real topper is they want to be paid to phase out the poison with our tax dollars.

Even the conservative Richmond Times Dispatch has called for the resignation of DeLay. In 2003 the Bush administration tried to get the MTBE language out of the energy bill without success. The Senate had to kill the bill to prevent the MTBE items from becoming law because the bill passed the house.

What is the alternative to MTBE? Ethanol is being used in place of MTBE in some states. But years ago Congress picked MTBE over the farm grown alcohol.

It's time you let your representatives in Congress know how you feel about the issues they are considering. I think that people get elected to Congress and once inside the beltway they forget who they were elected to

represent and take hand outs from lobbyists. They only seem to remember us when it's time to raise money for another election. It's time we let them know what we think of what they're doing.

### **Emergency Flasher Switches**

The flasher switch is the switch in the glove box that when turned on operates the emergency blinker circuitry that makes your lights blink on and off. This switch is used when a person breaks down on the side of the road and alerts people driving by that someone is near the side of the road.

These flashers are no longer available and the used ones have been bought up. They are easy to fix.

The metal case can be pulled from the plastic case and the contacts can be cleaned. Care must be taken to put the switch lever back in the same position it was in when it was pulled apart.

The trick on these is to wrap the 2 halves of the switch together using a piece of wire. I like using safety wire but any wire that keeps the 2 halves together will work.

If you have any questions please feel free to call me during the day at 804-321-5383. I have MCA and SAAC judging experience to help with difficult questions you may have on your car.

Happy Cruising  
Rick

**By Brenda Jones**

Tony called the meeting to order at 7:40 p.m. He asked if we had any visitors. We had 2. They were Brandon Czeizinger & Donald Czeizinger.

Karen gave the Treasurer's report. Rick Jones made a motion to accept the report and Larry Noble seconded. The vote was unanimous.

We had 56 members in attendance tonight. We have a total of 131 paid up members.

Tony told us about the different shows coming up. Flyers are up front for the different ones.

Kathy McWilliams has filed a form for the Memorial Day and 4th of July parades in Washington, DC. She will be letting us know details later.

Dave Dickey gave a report on the show at Virginia Center Commons. He has several sponsors already. The sponsorships will be on a first come basis. If you want a certain sponsorship class, contact Dave ASAP.

Llew didn't have anything on parades.

Rick Nohta is having a judging meeting at Dave Dickey's house this weekend. They will have 2 cars there. They will be using MCA judging sheets. They will be using Dave's 67 as an early car and they will need a

later car. Bob Overbey brought up to tell the rookie judges that the sheet has 2 sides to score points. He found out the hard way last year.

Tony talked about the cruise in at the Bottom-Up Pizza on Nuckols Road. It started out as rainy but cleared up. We had a pretty good turnout. The group went to Bruster's Ice Cream next door afterwards.

Rusty has arranged for us to go to Paradise Restoration and High Performance on April 23<sup>rd</sup> from 10-2. They will be giving us a tour of the shop. Rusty said to meet at the Willis Road McDonald's to get breakfast before we go.

The following car shows will be on April 16th. Virginia Classic Cruisers - Courthouse Road, Lynchburg, and Winchester. Christopher Newport University in Newport News will be having a car show. George B. talked about the upcoming club display on July 2nd at the Science Museum. It will be from 9:30 - 7:00 p.m. Display is open to all cars. We will be in the back of the museum.

George then introduced James. He told us about the American Cancer Society's relay for life. They are trying to get a car show for Bruce's Racers. This is in memory of a fellow that passed away at the age of 52 of prostate cancer. James said they wanted to sponsor a car show in the Mechanicsville area to raise money for the relay for life. They are shooting for May 7th which is the same date as the Breast Cancer walk. They don't have a location yet. The Relay for Life will be June 4 & 5 at the Atlee High School. It will be from 3p.m. on Saturday and run until 8 a.m. on Sunday. He will be getting in touch with us later with more details.

Tony talked about the Director's meeting. Gordon had looked at trailers to hold our club items. We discussed it at the director's meeting. \$2490.00 plus taxes and tags. Commonwealth trailer 6 x 10- Rusty said the place in Ashland has recommended a 6 x 12 for stability with dual axles at a cost of \$2800.00. This trailer will belong to the club. It will be used at displays and shows to haul the tables, chairs etc. Tony called for a vote by the members to purchase the trailer. The vote was unanimous. The members voted to go with the trailer from Commonwealth for the \$2490.00 price. It will be the 6 X 10 from Hallmark.

Next month (May 12th) national show in Huntsville, Ala. Tony has reserved some rooms. Leave Richmond around 3:00 p.m. Meet at rest area in Goochland on 64, drive to Bristol and then go to Huntsville the next day.

Kathy McWilliams won the 50/50. She won \$32.00. It pays to come to the meetings.
